

Curriculum Vitae

Leigh Ann Cates-McGlinn PhD, APRN, NNP-BC, RRT-NPS, CHSE

Director McGlinn Institute Neonatal, LLC

Neonatal Nurse Practitioner

Certified Healthcare Simulation Educator

Research-Principal Investigator

704-728-4961

BIOGRAPHICAL:

Birthdate: February 5, 1974
Citizenship: United States of America

EDUCATION:

Institution	Degree	Year Conferred	Field of Study
University of Texas Medical Branch Galveston, TX	PhD	2014	Nursing
Medical University of South Carolina Charleston, SC	MSN	2005	NNP
Odessa College, Odessa, TX	AAS	1998	Nursing
Odessa College, Odessa, TX	AAS	1995	Respiratory Care

Honors & Awards:

2010- Nominated for Excellence in Nursing Award- Good Samaritan Foundation – Houston, TX

2011- Nominated for Excellence in Nursing Award- Good Samaritan Foundation – Houston, TX

2019- Values in Action- Atrium Healthcare- Always going above and beyond, great attitude, knowledge and professionalism.

2024- Invited special guest on Close Up Television/Radio show interviewed by Jim Masters-

<https://www.blogtalkradio.com/closeupradio/2024/10/25/close-up-radio-spotlights-dr-leigh-ann-mcglinn-of-mcglinn-institute-neonatal>

2025- Featured as a Pinnacle professional Member Inner Circle of Excellence for contributions to advancing neonatal healthcare through simulation & expertise. <https://incirclexec.com/leigh-ann-mcglinn-phd-aprn-nnp-bc-rrt-nps-chse/>

Academic Appointments:

08/28/2019-present

Executive Director, McGlinn Institute Neonatal, LLC
Flagstaff, AZ
Multidimensional Competency Specialist

Responsibilities:

Lead Nurse Planner, Business operations, promotion, and development. Virtual, live, and online module development and presentation. Create, coordinate, and facilitate simulation courses and workshops. Design, coordinate, and conduct hands-on procedure labs. Conduct academic research. Expert witness and medical malpractice legal consultation.

01/07/2016-07/31/2017
& 06/14/2021- 11/03/2022

**Assistant Professor, Baylor College of Medicine
Houston, TX
Department of Pediatrics, Section of Neonatology**

Responsibilities:

Neonatal Nurse Practitioner (NNP) didactic course development and education. Development and coordination of NNP Competencies and Simulation Course. Conduct research on all NNP educational endeavors. Design coordinate and conduct neonatal fellow procedure labs and simulations. Coordinate Neonatal Resuscitation (NRP) Program Certification Course for all neonatal providers at Texas Children's Hospital. Develop & Coordinate In situ simulations for the Newborn center at Texas Children's hospital.

08/10/2018-05/10/2019

**Clinical Associate Professor, Old Dominion University
Norfolk, VA
Neonatal Nurse Practitioner Program**

Responsibilities:

Course revision and implementation of new course projects. Lead online discussions via bulletin board and live via webinars. Classroom instruction and clinical supervision of graduate-level neonatal nursing students in neonatal intensive care units and infant follow up clinics through 5 semesters. On campus labs coordinator and instructor. Development and coordination of simulation course/scenarios.

03/15/2018- 7/27/2018

**Clinical Associate Professor, East Carolina University
Greenville, NC
Neonatal Nurse Practitioner Program**

Responsibilities:

Course revision and implementation of new course projects. Lead online discussions via live webinars and Slack. Classroom instruction and clinical supervision of graduate-level neonatal nursing students in neonatal intensive care units. Development, coordination, and instruction of Summer Intensive simulation scenarios.

08/24/07-12/31/2015

Associate Professor, University of Texas Medical Branch

Galveston, TX
Neonatal Nurse Practitioner Program

Responsibilities:

Course revision and implementation of new course projects. Lead online discussions via bulletin board and live via video. Classroom instruction and clinical supervision of graduate-level neonatal nursing students in neonatal intensive care units and infant follow up clinics through 5 semesters. On campus labs coordinator and instructor. Development and coordination of simulation course/scenarios. Conduct research in various neonatal topics and multidimensional competency assessment utilizing simulation.

- US News & World Report-Voted Best Online Graduate Nursing Program 2014 & 2015
- Created the only NNP program in nation that the students complete over 30 simulation scenarios that BSN and RT students also participate as confederates, in which I personally authored and designed, that are mapped to...
 - Course Objectives
 - NANNP/NONPF Core Competencies
 - AACN Masters Essentials
 - Expected level of performance and understanding
- Students completing scholarly work prior to publication as a part of the curricula I designed and edit such as...
 - NANN CNE Education Modules
 - Peer reviewed articles
 - Presenting nationally at conferences
- Students design and complete an electronic portfolio

Other Advanced Training /Experience:

SIMULATION EDUCATION:

Program	Institution	Year Attended	Hours of Study
Laerdal Mannequin Operation and Programming Course	University of Texas Medical Branch Galveston, TX	2008	8 hours
Center for Advanced Pediatric Education (CAPE) Simulation Instructor Course	Stanford University San Jose, CA	2009	24 hours
S.T.A.B.L.E. Simulation Instructor Course	Gaumard Training Center Waco, TX	2013	32 hours
The Institute for Medical Simulation Teaching Tool: Instructor Course	Harvard University	2014	40 hours
The Institute for Medical Simulation	Harvard University	2017	4 hours

Leigh Ann Carter, MEd, PhD, Simulation, PRRN, NNP-BC, RRT-HP, CDE

Teaching Tool: Debriefing Assessment for Simulation in Healthcare (DASH)

University

**ONLINE TEACHING EDUCATION:
Program**

Institution

**Year
Attended**

**Hours of
Study**

The University of Texas School of Nursing Online Teaching Certification Course

UTMB
Galveston, TX

2015

80 hours

HONORS:

2013-Texas Organization of Baccalaureate and Graduate Nursing Education (TOBGNE) Faculty Development Innovation in Teaching Award

2013-UTMB School of Nursing Salute to Nursing Scholarship Recipient

LICENSURE INFORMATION

Initial Date Obtained	Current Until	Certification
05/16/2006	04/01/2027	Advanced Practice Registered Nurse (APRN) AZ
06/25/1998	04/01/2027	Registered Nurse AZ
01/24/1995	Inactive	Respiratory Care Practitioner (RCP)

BOARD CERTIFICATION

Initial Date Obtained	Current Until	Certification
11/1994	Received higher certification	Certified Respiratory Therapy Technician- CRTT
12/02/1995	No retest	Registered Respiratory Therapist- RRT
03/14/1998	No retest	Neonatal/Pediatric Specialist-Respiratory Care- NPS
03/10/2006	03/15/2027	Neonatal Nurse Practitioner-NNP-BC

ADDITIONAL CERTIFICATIONS/CREDENTIALS

Initial Date Obtained	Current Until	Initial Date Obtained
------------------------------	----------------------	------------------------------

09/1993	1/19/2025	CPR –provider
01/1995	01/2025	Neonatal Resuscitation Program- provider, instructor
10/23/03	No recertification required	Percutaneous Intravenous Central Catheter Insertion Certified
12/12	12/21/2027	Certified Healthcare Simulation Educator

FORMER CERTIFICATIONS

Date Obtained	Status	Certification
12/1994	07/07- allowed to expire: adults not currently in my scope of practice as an NNP	Advanced Cardiac Life Support – provider, instructor
8/1997	allowed to expire: adults not currently in my scope of practice as an NNP	Advanced Burn Life Support- provider
8/04/2004	Received a higher certification	Registered Nurse Certified - NICU
5/2006	Allowed to expire –time did not allow to teach enough classes to maintain cert.	Stable Support Instructor
03/1995	06/2023 allowed to expire- time did not allow to teach enough classes to maintain cert.	Pediatric Advanced Life Support – provider, instructor

Old Dominion University
Neonatal Nurse Practitioner Program

Norfolk, VA

NURS 778 Advanced Neonatal Nursing Practicum II: _____ Course Coordinator 08/2018-05/2019

- Created /graded Notes with Rationale & Reflections Assignments

- Created and Lead Weekly Bb posts
- Created/ Presented multiple lectures listed below
- Performed clinical site visit
- Designed/ coordinated simulations for Intensive session
 - See Non-Didactic section

Course Lectures –Presented when students on campus or as live on-line lecture

Cates-McGlenn L.A. (2018, September). *Intro to Simulation*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2018, September). *Key Points to Notes with Rationale and Reflection*. Old Dominion University-NNP Program Webinar Presentation.

Cates-McGlenn L.A. (2018, September). *Admission orders*. Old Dominion University-NNP Program Webinar Presentation.

NURS 775 Advanced Neonatal Nursing High-Risk Management II: Course Coordinator 01/2019-present

- Created & Lead Weekly Discussion Board Posts
- Created & Presented multiple lectures listed below
- Created 9 new course modules
- Created & graded group poster presentation assignment & guidelines
- Created & graded individual case study presentation & guidelines
- Created & graded 3 exams

Course Lectures –Presented when students on campus or as live on-line lecture

Cates-McGlenn L.A. (2019, January). *Neonatal arrhythmia interpretation & treatment*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, February). *Primary respiratory disorders in the neonate*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, February). *Neonatal ECMO Management*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, February). *Neonatal metabolic disorders*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, March). *Neonatal hematologic disorders*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, March). *Limiting post-natal hypoxia in the delivery room*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, April). *Neonatal genetic conditions*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, April). *Neonatal abdominal x-ray interpretation*. Old Dominion University-NNP Program Online-Recorded Presentation.

Course Lectures: Presented within the module from date of creation and updated as needed - read only lectures

Cates-McGlenn L.A. (2019, January). *Hemodynamic changes in neonates*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, January). *Congenital heart defects*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, January). *Acyanotic congenital heart defects*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, January). *Cyanotic congenital heart defects*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlenn L.A. (2019, January). *Interpreting neonatal chest x-rays*. Old Dominion University-NNP Program Online-Recorded Presentation.

Cates-McGlinn L.A. (2018, June). *Key Points to Notes*. East Carolina University-NNP Program Webinar and online discussion.

Cates-McGlinn L.A. (2018, June). *Interpreting Neonatal Chest X-Rays*. East Carolina University-NNP Program Webinar and online discussion.

Cates-McGlinn L.A. (2018, June). *Interpreting Neonatal Abdominal X-Rays*. East Carolina University-NNP Program Webinar and online discussion.

***The University of Texas Medical Branch (UTMB) at Galveston
Neonatal Nurse Practitioner Program***

GNR5 5303 Advanced Neonatal Health Assessment: Course Coordinator 2007-2015

- Created and graded tests and course work
- Designed group presentations guidelines on multiple neonatal topics
- Designed E-folio guidelines
- Lead and guided weekly Bb posts
- Presented multiple online lectures listed below
- Designed/ coordinated on campus days
 - See Non-Didactic section

GNR5 5631 Neonatal Concepts and Practicum I: Course Faculty – 2007-2015

- Created and graded Maternal-Fetal Interaction Paper Guidelines
- Lectures listed below
- Perform clinical site visits across the nation
- Presented multiple online lectures listed below
- Designed/ coordinated on campus days

- See Non-Didactic section

GNRS 5632 Neonatal Concepts and Practicum II: Course Faculty – 2007-2015

- Created and graded Complex Discharge Paper Guidelines
- Created and Edited Review Article Papers for Publication Guidelines
- Created and Edited Abstracts/Presentation for Conference Submission Guidelines
- Lectures listed below
- Perform clinical site visits across the nation
- Presented multiple online lectures listed below
- Designed/ coordinated on campus days
 - See Non-Didactic section

GNRS 5633 Neonatal Concepts and Practicum III: Course Faculty – 2007-2015

- Created and graded CNE Now Guidelines
- Created and graded QI Project /Presentation Paper & guidelines
- Lectures listed below
- Perform clinical site visits across the nation
- Designed/ coordinated on campus days
 - See Non-Didactic section

GNRS 5434 Neonatal Concepts and Practicum IV: Course Faculty–2007-2015

- Perform clinical site visits across the nation

Course Lectures: Presented within the module from date of creation and updated as needed - read only lectures

- Cates L.A.** (2008). *Neonatal gestational age assessment*. GNRS 5303 Module 1.2-Advanced Neonatal Health Assessment. The University of Texas Medical Branch- NNP Program, Galveston, TX.
- Cates L.A.** (2008). *Common neonatal respiratory issues*. GNRS 5303 Module 4-Advanced Neonatal Health Assessment. The University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2013, August) *Conducting Effective Debriefings*. University of Texas Medical Branch Interprofessional Simulation Center Faculty Simulation Academy, Galveston, TX.

Non-Didactic course work

McGlenn Institute- Neonatal – Houston, TX

Coordinated and was lead faculty utilizing fetal pigs and high-fidelity mannequins:

- Endotracheal intubation
- Umbilical line placement
- Chest needle thoracentesis
- Pigtail catheter placement
- Traditional chest tube placement
- Interosseous Placement
- PICC Line placement
- Arterial line placement
- Lumbar puncture
- Use of defibrillator

Old Dominion University (ODU)- Virginia Beach, VA 2018

Coordinated and was lead faculty utilizing fetal pigs:

- Endotracheal intubation
- Umbilical line placement
- Chest needle thoracentesis
- Pigtail catheter placement
- Traditional chest tube placement
- Interosseous Placement

Texas Children’s Hospital (TCH) - Houston, TX

2007-2017- Neonatal Fellows Procedure Lab

Coordinated and was lead faculty utilizing fetal pigs:

- Endotracheal intubation
- Umbilical line placement
- Chest needle thoracentesis
- Pigtail catheter placement
- Traditional chest tube placement

Simulation-Based Training Courses

McGlenn Institute Neonatal 2019-present Custom simulation-based training courses and NRP courses

2023-present- Flagstaff Medical Center neonatal simulation faculty mentor trainer

Simulation faculty training – see media tab

McGlinn, L.A., Frost, C., Barnhart, L. (2024). Neonatal CHD In-Situ Spring Simulation Scenario-. Flagstaff Medical Center SCN.

McGlinn, L.A., Frost, C., Barnhart, L. (2024). Neonatal CHD In-Situ Spring Simulation Scenario Performance Checklist. Flagstaff Medical Center SCN.

McGlinn, L.A. (2024). Neonatal CHD In-Situ Spring Simulation Scenario multiple roles actor and lead debriefer. Flagstaff Medical Center SCN.

McGlinn, L.A. (2024). Neonatal CHD In-Situ Spring Simulation Scenario Pre course Work – for learners and faculty – see media tab.

McGlinn, L.A., Frost, C., Barnhart, L. (2024). Neonatal NEC In-Situ Fall Simulation Scenario. Flagstaff Medical Center SCN.

McGlinn, L.A., Frost, C., Barnhart, L. (2024). Neonatal NEC In-Situ Fall Simulation Scenario Performance Checklist. Flagstaff Medical Center SCN.

McGlinn, L.A., Frost, C., Barnhart, L. (2024). Neonatal NEC In-Situ Fall Simulation Scenario NNP actor and lead debriefer. Flagstaff Medical Center SCN.

McGlinn, L.A., Frost, C., Barnhart, L. (2024). Neonatal NEC In-Situ Fall Simulation Scenario Pre course Work – for learners and faculty – see media tab.

June 2019- Atrium Healthcare- Resident NRP course

September 2018- Old Dominion University (ODU) NNP Program Fall Simulation & Training Seminar

Coordinator/Course Designer/Faculty-

Cates-McGlinn L.A. (2018, September). *Delivery of term neonate with prolapsed cord (moderate severity) simulation scenario and performance checklist.* Old Dominion University-NNP Program Simulation & Training Seminar.

Cates-McGlinn L.A. (2018, September). *NICU ELBW with NEC & Septic Shock simulation scenario and performance checklist.* Old Dominion University-NNP Program Simulation & Training Seminar.

Cates-McGlinn L.A. (2018, September). *Prenatal consult late preterm, IUGR, with sacrococcygeal teratoma simulation scenario and performance checklist.* Old Dominion University-NNP Program Simulation & Training Seminar.

Cates-McGlinn L.A. (2018, September). *ER Congenital heart disease with cardiogenic shock (moderate severity)*

simulation scenario and performance checklist. Old Dominion University-NNP Program Simulation & Training Seminar.

Cates-McGlenn L.A. (2018, September). *Admission orders ELBW with hypoglycemia.* Old Dominion University-NNP Program Simulation & Training Seminar.

May 2018- ECU NNP Program Intensive Simulation Coordinator/Course Designer/Faculty-

Cates-McGlenn L.A. (2018, May). *Delivery of late preterm neonate simulation scenario and performance checklist.* East Carolina University-NNP Program Summer Intensive, Raleigh, NC.

Cates-McGlenn L.A. (2018, May). *Precipitous Term Delivery Simulation scenario and performance checklist.* East Carolina University-NNP Program Summer Intensive, Raleigh, NC.

2009-2017 TCH- Hospital Wide Neonatal resuscitation program (NRP) Co-Course Coordinator 2016-17

Taught all skills stations

- Warm dry stimulation and suction
- Use of BVM & CPR
- Emergent umbilical line placement & medication delivery
- Endotracheal intubation

Scenario director and lead debriefer for all course simulation scenarios (NRP scenarios).

- Poor initial transition in DR
- Meconium –Non-Vigorous
- Abruption- Mega Code

2012-2017 TCH- Lead Faculty –Neonatal Fellows Boot Camp

Hands on instruction:

- Use of defibrillator for cardioversion, defibrillation, and pacing
- IO insertion

Cates L.A., Arnold J. (2012-2017, July). *Pulseless electrical activity (PEA) simulation scenario and performance checklist.* Texas Children's Hospital Neonatal Fellows Boot Camp - Houston, TX.

Cates L.A., Arnold J. (2012-2017, July). *Supraventricular Tachycardia (SVT) simulation scenario and performance checklist.* Texas Children's Hospital Neonatal Fellows Boot Camp - Houston, TX.

Cates L.A., Arnold J. (2012- 2017, July). *Hyperkalemia with rhythm disturbances simulation scenario and performance checklist.* Texas Children's Hospital Neonatal Fellows Boot Camp - Houston, TX.

2009-2017 TCH-Course Director- NNP Competencies and Simulation Course

- Designed entire course
 - Agenda
 - Participants

- NNPs
- Faculty
- Confederates
 - TCH NICU bedside nurses
 - (2016) TWU BSN Nursing Students
 - (2016) UTMB RT Students
- Supplies
- Course dates (monthly)
- Pre-course lectures
- Scenarios/performance checklists

Coordinated and was lead faculty utilizing fetal pigs:

- Endotracheal intubation
- Umbilical line placement
- Chest needle thoracentesis
- Pigtail catheter placement
- (2016) Traditional chest tube placement >5 yrs
- (2016) Abdominal Paracentesis 15 + yrs
- (2016) Peripheral Arterial Line 15 + yrs

Hands on instruction:

- Use of defibrillator for cardioversion, defibrillation, and pacing
- IO insertion
- LMA placement
- Intubation of older infant
- (2016) Neonatal Exchange Transfusion

Cates L.A., Anselmo, C. Wilson, D. (2010- 2011 Monthly). *Supraventricular Tachycardia (SVT) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.

Cates L.A., Anselmo, C. Wilson, D. (2010- 2011 Monthly). *Pneumothorax simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.

Cates L.A., Anselmo, C. Wilson, D. (2010- 2011 Monthly). *DIC & septic shock simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.

Cates L.A., Anselmo, C. Wilson, D. (2011- 2012 Monthly). *Congenital diaphragmatic hernia (CDH) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.

Cates L.A., Anselmo, C. Wilson, D. (2011- 2012 Monthly). *Hyperkalemia with rhythm disturbances simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.

Cates L.A., Anselmo, C. Wilson, D. (2012- 2013 Monthly). *Hypoxic ischemic encephalopathy (HIE) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.

Simulation Course - Houston, TX.

- Cates L.A.**, Anselmo, C. Wilson, D. (2012- 2013 Monthly). *Twin to twin transfusion-donor simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.
- Cates L.A.**, Anselmo, C. Wilson, D. (2012- 2013 Monthly). *Twin to twin transfusion-recipient simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.
- Cates L.A.**, Anselmo, C. Wilson, D. (2012- 2013 Monthly). *Pulseless electrical activity (PEA) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.
- Cates L.A.**, Anselmo, C. Wilson, D. (2013 Monthly). *Bleeding sacrococcygeal teratoma (too unstable to transport) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.
- Cates L.A.**, Anselmo, C. Wilson, D. (2013 Monthly). *Delivery neonatal hydrops simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course - Houston, TX.
- Cates L.A.**, (2015-16). *Supraventricular Tachycardia (SVT) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course 0-5 yrs. experience - Houston, TX.
- Cates L.A.**, (2015-16). *Pneumothorax simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course 0-5 yrs. experience - Houston, TX.
- Cates L.A.**, Anselmo, C. (2016). *Hypoxic ischemic encephalopathy (HIE) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course 6-14yrs. experience - Houston, TX.
- Cates L.A.**, (2016). *Extremely Low Birthweight and NEC transport simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course 6-14yrs. experience - Houston, TX.
- Cates L.A.**, (2016). *Delivery neonatal hydrops simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course 15 + yrs experience- Houston, TX.
- Cates L.A.**, (2016). *Bleeding sacrococcygeal teratoma (too unstable to transport) simulation scenario and performance checklist*. Texas Children's Hospital NNP Competencies and Simulation Course 15 + yrs experience- Houston, TX.
- Cates L.A.** (2017). *Pulseless electrical activity on transport due to nonaccidental trauma simulation scenario and performance checklist*. Texas Children's Hospital Neonatal Nurse Practitioner's Annual Competencies Course, Houston, TX.
- Cates L.A.** (2017). *Congenital diaphragmatic hernia at delivery simulation scenario and performance checklist*. Texas Children's Hospital Neonatal Nurse Practitioner's Annual Competencies Course,

Houston, TX.

Cates L.A., Arnold, J.A. (2017). *Tracheostomy dislodgment simulation scenario and performance checklist.* Texas Children's Hospital Neonatal Nurse Practitioner's Annual Competencies Course, Houston, TX.

2014 TCH/HMH Community NICU Simulation and Competencies Course

- Created exemplar video for demonstration of the activation of TCH Methodist Neo Response Team- see media section
- Designed entire course
 - Agenda
 - Participants
 - HMH RT
 - HMH RNs
 - Neonatal
 - L & D
 - Faculty
 - Confederates
 - Supplies
 - Course dates (3)
 - Pre-course lectures
 - Scenarios/performance checklists

Cates L.A., Arnold J. (2012, July). *MNRT Activation: green simulation scenario and performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Simulation and Competencies Course. Houston, TX.

Cates L.A., Arnold J. (2012, July). *MNRT Activation: yellow simulation scenario and performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Simulation and Competencies Course. Houston, TX.

Cates L.A., Arnold J. (2012, July). *MNRT Activation: red simulation scenario and performance checklist.* Texas Children's /Houston Methodist Hospital Simulation and Competencies Course. Houston, TX.

2014- TCH/HMH Neonatal Systems Testing Simulations

Simulations conducted for the purpose of testing the system

- Scenario logistics
- HMH Participant's name and arrival time
- TCH Participant's name and arrival time
- Proper communication
- Role clarity
- Follow-up
- Pager information
- Potential and actual threats to patient safety
- Other important info gleaned from simulation

Cates, L.A. (2014, October) *Term infant with poor respiratory effort MNRT-green scenario and systems performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Neonatal Systems Testing. Houston, TX.

Cates, L.A. (2014, October) *Term infant with maternal chorio MNRT-yellow scenario and systems performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Neonatal Systems Testing. Houston, TX.

Cates, L.A. (2014, October) *Late pre-term- Cord prolapse C/S MNRT-red scenario and systems performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Neonatal Systems Testing. Houston, TX.

Cates, L.A. (2014, October) *Thick meconium MNRT-red scenario and systems performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Neonatal Systems Testing. Houston, TX.

Cates, L.A. (2014, October) *Extreme pre-term- undelivered with meconium MNRT-yellow scenario and systems performance checklist.* Texas Children's Hospital /Houston Methodist Hospital Neonatal Systems Testing. Houston, TX.

2015-2017 & 2021-2022 TCH Newborn Center In-situ Simulation Program

Cates L.A., Sundgren N., Khattab M., Arnold J., Kainer K., Chancey L. (2016, weekly). *TCH NeoCISP Unplanned Extubation.* Texas Children's Hospital Newborn Center- Houston, TX.

Cates L.A., Sundgren N., Khattab M., Arnold J., Kainer K., Chancey L. (2016, weekly). *TCH NeoCISP DIC Septic Shock.* Texas Children's Hospital Newborn Center- Houston, TX.

2010-2015 UTMB NNP Program Simulation Coordinator/Course Designer/Faculty-

Coordinated procedure lab and was lead faculty utilizing fetal pigs to teach:

- Endotracheal intubation
- Umbilical line placement
- Chest needle thoracentesis
- Pigtail catheter placement
- Traditional chest tube placement
- Bladder taps
- Lumbar puncture

Hands on instruction:

- Use of defibrillator for cardioversion, defibrillation, and pacing
- IO insertion
- LMA placement
- Intubation of older infant

GNRS 5303 Neonatal Advanced Health Assessment

Cates L.A. (2011, July). *Delivery of late preterm neonate simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Parental update hyperbilirubinemia and need for phototherapy simulation*

scenario and performance checklist. University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Delivery myelomeningocele & cleft lip with mild respiratory distress simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Hypoglycemia with mild respiratory distress simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Bleeding circumcision simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Newborn with TTN & respiratory distress simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Newborn admission with + HepB and maternal GBS untreated simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2012, July). *Newborn admission orders for neonate with maternal and infant + DAT and no prenatal care simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

GNRS 5631 NNP Practicum I

Cates L.A. (2011, July). *Delivery of preterm neonate with RDS simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Delivery gastroschisis simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Parental update mother and infant + UDS- Cocaine simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2012, July). *Congenital heart disease and cardiogenic shock simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Delivery with thick meconium-non-vigorous simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2012, July). *Premature ventricular contractions with PICC migration simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program,

Galveston, TX.

Cates L.A. (2011, July). *Spontaneous pneumothorax in NBN simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2012, July). *Newborn admission orders for late-preterm delivery with TTN from delivery summary simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

GNRS 5632 NNP Practicum II

Cates L.A. (2010, July). *Delivery with Abruptio simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Supraventricular Tachycardia (SVT) simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Pneumothorax on NCPAP simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *RSV pneumonia in ER simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Necrotizing enterocolitis (NEC) ad septic shock simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Hypocalcemic seizures simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Parental consult late preterm with sacrococcygeal teratoma simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2012, July). *Newborn admission orders for delivery after abruptio from delivery summary simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

GNRS 5633/5434 NNP Practicum III/IV

Cates L.A. (2011, July). *Pulseless electrical activity (PEA) simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Hyperkalemia with rhythm disturbances simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Delivery congenital diaphragmatic hernia simulation scenario and*

performance checklist. University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *DIC/Septic shock simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Pneumothorax on Ventilator simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Hypoxic ischemic encephalopathy with complications simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2011, July). *Unsuccessful CODE in Mothers room –delivery of Bad News simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Cates L.A. (2012, July). *Newborn admission orders for delivery 24 week male infant from delivery summary simulation scenario and performance checklist.* University of Texas Medical Branch- NNP Program, Galveston, TX.

Invited Workshops

Arnold, J., **Cates L.A.**, Wilson, D. (June 2009 & 2010) Neonatal simulation workshop. Texas Association of Neonatal Nurse Practitioners (TxANNP) 5th & 6th Annual Conference

Arnold, J., **Cates L.A.**, Wilson, D. (July 2010) Neonatal transport simulation workshop. Airborne International Transport Annual Neonatal & Pediatric Transport Conference, Austin, TX.

Cates L.A. (2010, October) *High Fidelity Simulation Workshop.* Florida Association of Neonatal Nurse Practitioners 21st Annual Symposium, Clearwater Beach FL.

Arnold, J., Cashin M., **Cates L.A.**, Wilson, D. Anselmo C., Cross, B. (2012, January) Neonatal *Resuscitation Immersive Workshop.* 12th International Meeting on Simulation in Healthcare, San Diego, CA.

Cates L.A. (2012, November) *The Implementation of Simulation into the Annual Performance/Competency Evaluations of Neonatal Healthcare Providers, Changing Seasons in Neonatology 15th Annual Conference for Neonatal Healthcare Providers,* Oklahoma City, OK.

Cates L.A. (2012, November) *Multidisciplinary Neonatal Simulation Workshops, Changing Seasons in Neonatology 15th Annual Conference for Neonatal Healthcare Providers,* Oklahoma City, OK.

Cates L.A. (2013, January). *Developing a Simulation-based Competency Course.* 13th International Meeting on Simulation in Healthcare, San Diego, CA.

Cates L.A. (2013, April) *Neonatal Simulation Workshops- Lights! Camera! Action!*, Beach Babies Conference, Galveston, TX.

Cates, L.A. (2015 October). Workshop on the insertion of *Peripherally inserted central catheters in the NICU*. 5th International Conference NICE Hospital, Hyderabad, India.

Lectures

International Presentations

Cates L.A. (2009, November). *Basics of Developmental Care in the NICU*. TCH WHO-CC Delegate to Queen Elizabeth Hospital Bridgetown, Barbados.

Cates L.A. (2009, November). *Breaking the Chain of Infection*. TCH WHO-CC Delegate to Queen Elizabeth Hospital Bridgetown, Barbados.

Cates L.A. (2009, November). *Decompensation of the NICU Patient: When to React*. TCH WHO-CC Delegate to Queen Elizabeth Hospital Bridgetown, Barbados.

Cates L.A. (2009, November). *Stabilization of the ELBW Infant at Delivery*. TCH WHO-CC Delegate to Queen Elizabeth Hospital Bridgetown, Barbados.

Cates, L.A. (2009, November). *Panel member-Nursing presence in the NICU*. TCH WHO-CC Delegate to Queen Elizabeth Hospital Bridgetown, Barbados.

Cates, L.A. (2015 October). *Peripherally inserted central catheters in the NICU*. 5th International Conference NICE Hospital, Hyderabad, India.

Cates, L.A. (2015 October). *Limiting postnatal hypoxic injury in the delivery room*. 5th International Conference NICE Hospital, Hyderabad, India.

Cates, L.A. (2015 October). Panel member-Nutritional management of hospitalized neonate and child. 5th International Conference NICE Hospital, Hyderabad, India.

Cates, L.A. (2015 October). Panel member-Healthcare associated infections. 5th International Conference NICE Hospital, Hyderabad, India.

Khattab, M., Sundren, N. **Cates, L.A.**, Kainer, K., McMullen, L., Hagan, J. Arnold, J. (2016). *Use Of a defined role/responsibility chart and a color-coded floor code map as an innovative tool to improve role clarity during in situ simulations*. The 8th International Pediatric Simulation Symposia & Workshop. Glasgow Scotland, UK.

Cates-McGlenn L.A. (2019, June). *Neonatal arrhythmias interpretation & treatment*. Gold Neonatal Learning, Online Conference.

National Presentations

Cates L.A. (2009, October). *Simulation Based Training the Wave of the Future*. Florida Association of Neonatal Nurse Practitioners 20th Annual Symposium, Clearwater Beach FL.

Cates L.A. (2009, October). *Mentoring the X & Y generation in the NNP workforce*. Florida Association of Neonatal Nurse Practitioners 20th Annual Symposium, Clearwater Beach, FL.

IV. Medical & Service Information

CLINICAL (NON-ACADEMIC) POSITIONS:

08/14/2023-present Board Certified Neonatal Nurse Practitioner
Flagstaff Medical Center Flagstaff, AZ

Responsibilities:

Perform health assessments including history, physical exam, and specific neonatal assessments as indicated
Diagnose and treat patients in conjunction with attending MD
Order and interpret routine diagnostic studies
Prescribe medications under section 3.06 (d)(6) of the Medical Practice Act Follow established delegation protocol for the specialty area
Initiate referrals to other specialties as indicated. Serve as an educational resource for the patient, family, and community, and other healthcare professionals Counsel and instruct patients, families, and others as appropriate
Lead member of neonatal transport and labor and delivery teams. Perform special procedures including: endotracheal intubations, UAC/UVC placement, lumbar puncture, supra pubic bladder taps, chest needle aspiration, chest tube & pigtail catheter insertion, PICC line placement, arterial puncture, cardioversion, RETCAM exams and exchange transfusions. Cover Developmental Pediatric Follow-up clinic. Design and coordinate neonatal simulation and community education courses.

11/04/2022- 07/24/2023 **Providing care for my bedridden mother- Odessa, TX**

06/14/2021-11/03/2022 Board Certified Neonatal Nurse Practitioner
Texas Children's Hospital Houston, TX

Responsibilities:

Perform health assessments including history, physical exam, and specific neonatal assessments as indicated
Diagnose and treat patients in conjunction with attending MD
Order and interpret routine diagnostic studies
Prescribe medications under section 3.06 (d)(6) of the Medical Practice Act Follow established delegation protocol for the specialty area
Initiate referrals to other specialties as indicated. Serve as an educational resource for the patient, family, and community, and other healthcare professionals Counsel and instruct patients, families, and others as appropriate
Lead member of neonatal transport and labor and delivery teams. Perform special procedures including: endotracheal intubations, UAC/UVC placement, lumbar puncture, supra pubic bladder taps, chest needle aspiration, chest tube & pigtail catheter insertion, PICC line placement, arterial puncture, cardioversion, and exchange transfusions. Design and coordinate neonatal simulation and community education courses. Trained in point of care ultrasound (POCUS).

10/16/2020-03/25/2021 Board Certified Neonatal Nurse Practitioner

Children Hospital at Erlanger- Chattanooga, TN
Southern Tennessee Regional Health System-Winchester,
TN

Responsibilities:

Perform health assessments including history, physical exam, and specific neonatal assessments as indicated in both the level III NICU and newborn nurseries.

Diagnose and treat patients

Order and interpret routine diagnostic studies

Prescribe medications under the Medical Practice Act

Follow established delegation protocol for the specialty area

Initiate referrals to other specialties as indicated. Serve as an educational resource for the patient, family, and community, and other healthcare professionals.

Counsel and instruct patients, families, and others as appropriate

Lead member of the labor and delivery teams.

Perform special procedures including: endotracheal intubations, UAC/UVC placement, lumbar puncture, supra pubic bladder taps, chest needle aspiration, chest tube & pigtail catheter insertion, PICC line placement, arterial puncture, cardioversion, and exchange transfusions.

10/15/2018-10/15/20

Board Certified Neonatal Nurse Practitioner

Atrium Healthcare

Northeast-Jeff Gordon's Children's Hospital-Concord, NC

Atrium Health University Hospital-Charlotte, NC

Levine Children's Hospital-Charlotte, NC

Responsibilities:

Perform health assessments including history, physical exam, and specific neonatal assessments as indicated in both the level III NICU and newborn nurseries.

Diagnose and treat patients

Order and interpret routine diagnostic studies

Prescribe medications under the Medical Practice Act

Follow established delegation protocol for the specialty area

Initiate referrals to other specialties as indicated. Serve as an educational resource for the patient, family, and community, and other healthcare professionals.

Counsel and instruct patients, families, and others as appropriate

Lead member of the labor and delivery teams.

Perform special procedures including: endotracheal intubations, UAC/UVC placement, lumbar puncture, supra pubic bladder taps, chest needle aspiration, chest tube & pigtail catheter insertion, PICC line placement, arterial puncture, cardioversion, and exchange transfusions.

03/20/20-06/20/2020 Board Certified Neonatal Nurse Practitioner
Kaiser Moanalua Medical Center-Honolulu, HI
Travel Assignment

Responsibilities:

Perform health assessments including history, physical exam, and specific neonatal assessments as indicated in both the level III NICU and newborn nurseries.

Diagnose and treat patients

Order and interpret routine diagnostic studies

Prescribe medications under the Medical Practice Act

Follow established delegation protocol for the specialty area

Initiate referrals to other specialties as indicated. Serve as an educational resource for the patient, family, and community, and other healthcare professionals.

Counsel and instruct patients, families, and others as appropriate

Lead member of the labor and delivery teams.

Perform special procedures including: endotracheal intubations, UAC/UVC placement, lumbar puncture, supra pubic bladder taps, chest needle aspiration, chest tube & pigtail catheter insertion, PICC line placement, arterial puncture, cardioversion, and exchange transfusions.

08/01/2017-10/15/2018 **Looking for clinical employment as NNP in Charlotte, NC area after moving to remarry- worked academically at ECU and ODU during this time as well.**

04/25/06-07/31/2017 Board Certified Neonatal Nurse Practitioner
Texas Children's Hospital Houston, TX

Responsibilities:

Perform health assessments including history, physical exam, and specific neonatal assessments as indicated

Diagnose and treat patients in conjunction with attending MD

Order and interpret routine diagnostic studies

Prescribe medications under section 3.06 (d)(6) of the Medical Practice Act

Follow established delegation protocol for the specialty area

Initiate referrals to other specialties as indicated. Serve as an educational resource for the patient, family, and community, and other healthcare professionals

Counsel and instruct patients, families, and others as appropriate

Lead member of neonatal transport and labor and delivery teams. Perform special procedures including: endotracheal intubations, UAC/UVC placement, lumbar puncture, supra pubic bladder taps, chest needle aspiration, chest tube & pigtail catheter insertion, PICC line placement, arterial puncture, cardioversion, and exchange transfusions. Design and coordinate neonatal simulation and community education courses.

12/02-12/09 Staff nurse/Respiratory therapist/Co-Founder/Co-Owner
Above All Medical Staffing Odessa, TX

Last staffing assignment 12/04

Responsibilities:

Family owned business- staff nurses and respiratory therapists in hospitals around the Permian Basin –Continue to consult regularly concerning Nursing and Respiratory needs Staff Nurse/ charge nurse, working primarily in a 24 bed level III NICU (Odessa Regional Hospital)
Transport and high risk deliveries
Intubation, chest needle decompression, arterial puncture, line placement
managed multiple drips and ventilated patients
PICC line placement

10/02 – 12/02 Registered Nurse
Health Care Staffing Midland, TX

Responsibilities:

Staff Nurse/Agency 20 bed telemetry unit (Memorial Hospital and Medical Center– Midland, TX)
Cared for adult patients recovering from cardiac conditions

1/02 - 10/02 FT Registered Nurse
5/04-12/05-PRN Heart Place Hospital Midland, TX

Responsibilities:

Staff Nurse- Telemetry, ICU, ER
Charge Nurse- Adult ICU
House Supervisor
Cared for critically ill patients in the newly opened 16 bed hospital primarily in the adult ICU
Emphasis on cardiac patients including fresh open-heart patients
Duties included patient monitoring with cardio-respiratory monitors, SVO2 monitors, and Swan-Ganz measurements, and lab work
Managed multiple vasoactive drips
Intubation and management of cardio-respiratory arrests

11/01-01/02 **Maternity Leave**

7/00 – 10/01 Registered Nurse
Professional Independent Nursing Service Hobbs, NM

Responsibilities:

Staff Nurse/Agency- 24 bed Adult ICU/CCU (Memorial Hospital Medical Center- Midland, TX)
Cared for critically ill adults and children including trauma, acute MI, post cardiac cath, renal failure, and hepatic encephalopathy

4/00-7/00

Maternity Leave

7/99 – 3/00

Registered Nurse
Infusion Plus Home Health Midland, TX Responsibilities:

Home health RN case manager
Supervised, managed, and delivered home care of chronically ill children and adults in the Permian Basin
Helped company prepare for and pass JACHO inspection with exemplary marks

1/99 – 7/99

Registered Nurse
Medical Center Hospital Odessa, TX

Responsibilities:

Staff nurse –Newly developed 4 bed PICU
Cared for children devastated by trauma and critical medical conditions
Ventilated patients Post op trauma

6/98 -1/99

Registered Nurse
Odessa Regional Hospital Odessa, TX

Responsibilities:

Registered Nurse
Staff nurse 16 bed Level III NICU
Cared for acutely ill & premature infants
chest needle decompression, arterial puncture

11/94 – 6/98

Respiratory Therapist
Odessa Regional Hospital Odessa, TX

Responsibilities:

Floor therapy including patients of all ages.
Cared for critically ill patients on ventilators and in need of intense cardiac monitoring.
Implemented training courses for new & seasoned therapists
Taught at Odessa College in the RT program
Lead therapist in 16 bed level III NICU
Chest needle decompression, arterial puncture
Air and ground transport team
C-section team therapist attended high-risk deliveries

11/93 –11/94

Respiratory Equipment Tech
Odessa Regional Hospital, Odessa, TX

Responsibilities:

Cleaned and repaired all respiratory equipment
Organized equipment and inventory acquisition for the respiratory care department.
Helped obtain JCAHO accreditation for respiratory equipment department.
Gained knowledge of respiratory equipment while in respiratory school
